Kensington The Professionals' Choice™

Excellence across design, build and support make our products the choice of professionals.

Engineering

We look for common platform opportunities to ensure compatibility wherever possible. Across the Kensington product portfolio, systems and hardware, we design to make things work well together.

Industrial Design

Our Industrial Design team creates professional - level products that can survive in business applications, and fit seamlessly into productivity environments. This means you'll look like, and feel like, a professional when using Kensington products.

Product

Whether it is a complex or simple product, we care about the details. We strive to ensure all our products have that extra ingredient or feature to make our product that much better.

Tech Support

Support when you need it. Our technical support team understands and serves professional use cases. Around the globe, every customer is treated as a professional and gets the benefit of an always - on tech support team.

Quality

The Kensington Quality Engineering team has three decades of experience in high - volume manufacturing of hardware IT products. Rigorous test cycles help us build great products with robust components. We test above industry standards. This ensures our end - users receive a higher - quality product over the long haul.
