# VeriMark<sup>™</sup> Setup Guide

Kensington takes pride in making our comprehensive installation guides easy to follow with simple illustrations and step-by-step instructions. This guide will walk you through setup and help you get to know your VeriMark<sup>™</sup>.

Please update operating system (Windows 10) before setting up Verimark. If using an online service for WebAuthn make sure you use the latest browser version (Edge, Chrome, Safari and Firefox.)

## VeriMark<sup>™</sup> Facebook Setup Guide

1. Login to your Facebook account using username and password, then click on Settings & Privacy

#### 2. Click on Settings

**3.** Click **Edit** under Use two factor authentication

General	Login	
Security and Login	Change password It's a good idea to use a strong password that you're not using elsewhere	Edit
Privacy	Save your login info     On • It will only be saved on the browsers and devices you choose	Edit
Face Recognition	Two-Factor Authentication	
Vimeline and Tagging	<ul> <li>Use two-factor authentication</li> <li>We'll ask for a code if we notice an attempted login from an unrecognized device or browser.</li> </ul>	Edit

**4. Configure** a method for two factor authentication. Verimark<sup>™</sup> will be used a backup method
