VeriMark[™] Windows 10 (Windows Hello) Setup Guide

1. Select and click the **START** icon and select **Settings.**

2. Select Accounts.

3. Click on the **Sign in options** tab.

4. Click on the **Windows Hello fingerprint** option.

← Settings			
6 Home	Sign-in options		
Find a setting	Manage how you sign in to your device		
Accounts	Select a sign-in option to add, change, or remove it.		
RE Your info	••• Windows Hello Face This option is currently unavailable—click to learn more		
🖻 Email & accounts	Windows Hello Fingerprint Sign in with your fingerprint scanner (Recommended)		
🔍 Sign-in options	Windows Hello PIN Sign in with a PIN (Recommended)		
Access work or school	Sign in with a physical security key		
A₊ Family & other users	Password Sign in with your account's password		
C Sync your settings	Distance Descenared		
	Swipe and tap your favorite photo to unlock your device		
	Require sign-in		
	If you've been away, when should Windows require you to sign in again?		
	When PC wakes up from sleep $$		
	* 白 Dynamic lock		
	Windows can use devices that are paired to your PC to know when you're away and lock your PC when those devices go out of range.		

5. Then click **Set up** button.

← Settings	
ඟ Home	Sign-in options
Find a setting	Manage how you sign in to your device
Accounts	Select a sign-in option to add, change, or remove it.
RE Your info	Uindows Hello Face This option is currently unavailable—click to learn more
